IMPACT: State & Local

Summary of Legislation: This bill permits the Budget Agency to make grants to political subdivisions from the Supplemental Drinking Water and Wastewater Assistance Fund for tasks associated with the development and preparation of long-term control plans, use attainability analyses, and storm water management programs. It directs the Budget Agency to establish the terms and conditions under which it will make the grants not later than September 1, 2001.

Effective Date: Upon passage; July 1, 2001.

Explanation of State Expenditures: Currently, local units can apply for grants from the Supplemental Drinking Water and Wastewater Assistance Fund to fund improvements associated with public water systems and for wastewater or storm water collection and treatment systems. This bill permits the Budget Agency to make grants for tasks associated with the development and preparation of long-term control plans, use attainability analyses, and storm water management programs.

State Revolving Fund loans completed for publicly owned wastewater and drinking water projects have equaled \$813,858,617. The Budget Agency has also loaned and granted \$68.5 million in Build Indiana Funds since 1995 for wastewater and drinking water projects. The impact of the above proposal is indeterminable and will depend on the number and nature of additional loans that result.

The Budget Agency must establish the terms and conditions under which it will make the grants. Costs associated with the administration of the supplemental fund are to be paid from money in the fund.
